10 January 1955

MEMORANDUM FOR: [REDACTED]

STATINTL

SUBJECT : Admonishment

1. During the period 4 October - 5 December 1954, you were permitted by your official supervisor to accept pay without rendering equivalent services. The nature and circumstances of this arrangement, however, were such that, as a reasonable person and long time employee of this Agency, you should have questioned your status immediately and not have allowed the matter to extend for the period involved. In this respect I consider that you exercised poor judgment and demonstrated an improper attitude toward the Agency.

2. I am admonishing you to profit by this experience and not allow yourself to be placed in such an untenable position in the future. I am making this memorandum a matter of record in your official personnel record.
